single wall paper cups

Our Single Wall Paper Cups are made from premium virgin paper, offering a natural and eco-friendly look. Ideal for hot and cold beverages, these cups are lightweight yet durable. 100% recyclable and perfect for cafés, offices, and events.

double wall paper cups

Double Wall Paper Cups are designed with two layers of eco-friendly paper for extra durability and heat resistance. They eliminate the need for sleeves, keeping hands cool and beverages warm — a perfect sustainable solution for premium drink service.

ripple cups

Our Ripple Wall Cups feature a triple-wall construction with a textured outer layer for a secure, slip-free grip. They provide superior heat resistance and strength, ensuring comfort with every use. Manufactured from eco-friendly virgin paper, they are biodegradable and safe for the environment. These cups are perfect for hot beverages, maintaining temperature longer while reflecting a natural, premium appearance. Ideal for export markets looking for sustainable and high-quality packaging solutions.

ice-cream cups

Our Ice Cream Cups are crafted from high-quality food-grade paper, safe and sturdy for all dessert servings. Designed with a smooth inner coating to prevent leakage or sogginess. Perfect for ice cream, frozen yogurt, or sundaes. Fully recyclable and customizable for branding.

Thank you!

At Yamuna Global Trades, we believe every sustainable choice makes a difference.

Our mission is to replace plastic with eco-friendly, biodegradable packaging that protects nature.

Each paper cup and bowl we produce reflects our care for quality, design, and the environment.

We are proud to support a movement toward responsible consumption and greener living.

By choosing our products, you're helping reduce waste and preserve our planet's future.

Sustainability isn't just our business — it's our belief, our promise, and our purpose.

Together, let's create a cleaner, safer, and more sustainable tomorrow.
